DAYTIME PHONE NUMBER: Mr. Mrs. Ms. / WORK HOME CELL _____

BATH POLICY

All baths performed by the nursing staff include a nail trim, anal gland check and ear cleaning. In addition, the nurses will spend 15-20 minutes brushing your pet and remove small mats when possible. More extensive brushing or dematting will require an additional fee. Dematting, nail trimming, etc. may not be possible due to coat condition or the disposition of the pet and may require sedation and/or making an appointment with the groomer for professional grooming. Please let us know if your pet requires a special shampoo or conditioner. The nurses will call when your pet is brushed out, dry and ready to go.

PLEASE CHECK WHERE APPROPRIATE

- | | | |
|--|-----|----|
| 1. I authorize additional dematting or brush out charges as needed. | YES | NO |
